WILLARD - Police seized 10 balloons of heroin and various drug paraphernalia when they used a search warrant Thursday at 119 1/2 Dale Ave.

Willard Police Chief Joe Daniel said no arrests will be made until the drugs are analyzed at the METRICH crime lab in Mansfield. METRICH is a 10-county drug task force, which Willard joined in 1999.

"We knew there has been some drug activity at this apartment," Daniel said without elaborating.
