

Local law enforcement executes warrant

A Tiffin man's home was raided during the execution of search warrant Wednesday evening.

According to law enforcement, the Seneca County Drug Task Force – METRICH Enforcement Unit along with Tiffin Police Department officers executed a drug-related search warrant at 253 ½ Fourth Ave., the residence of Nathaniel R. Heil, 37.

The search warrant unveiled U.S. currency, suspected crack cocaine and criminal tools.

Heil is facing charges of trafficking in drugs and possession of criminal tools due to the findings. He is also facing additional charges of trafficking in drugs, according to Detective Brandon Bell of the Seneca County Drug Task Force – METRICH Enforcement Unit. Charges will be filed upon the conclusion of the investigation.

“We are going to continue to use our resources to battle and stay on top of this effort,” said Tiffin Police Chief David Pauly. “The success of an investigation isn't always about how (many) drugs were removed from a residence, but more so about addressing the complaints of the community and the quality of lives for our citizens.”
